# FY24 Annual Report / FY25 Operations Request

- ❑ Schedule oversight meetings soon to discuss annual report!
- ❑ Last year had large charges to process
  - Separate FSM / OR formats
  - Appendices for information that remain relatively stable (<https://app.smartsheet.com/> )
- ❑ This year will be similar but will have small changes
  - CFA will continue to accept FSM reports for cores requesting FSM support
  - Wait for announcements to begin completing
  - Please update space Appendix in two weeks
  - Other appendices can be completed after 3/1
  - Scheduling similar to past years
    - Reporting year 4/1 → 3/31
    - Report due 5/1
- ❑ Important changes
  - Increased emphasis on state-of-the-art equipment / services analysis in SWOC and external grant proposals
    - Include discussion even if you don't have path to fund
    - Provide PI's needing capability and description of research enabled in SWOC/ AP1 Notes
  - Professional development budget will be expanded and no longer requires matching
  - CFA will accept requests for technique development this year
    - These types of proposals will be considered as part of equipment grant program
  - Addition of equipment appendix (based on past reports and space information)
